EXPERIENCE

BOHOL ISLAND STATE UNIVERSITY (BISU) 2022-2023

Project : BISU Alumni tracer system

The Alumni Tracer system links academia and the professional world, tracking alumni careers for insights into program impact. It evaluates relevance, updates data on alumni employment, roles, and achievements, and adapts programs to industry trends, enhancing institutional relevance.

Responsibilities

- **Platform Development:** Designing, developing, and maintaining the overall platform, ensuring a smooth and user-friendly experience for both desktop and mobile users.
- **User Interface (UI) and User Experience (UX) Design:** Creating and improving the visual design, layout, and navigation to enhance the user experience and engagement.
- **Database Management:** Designing and implementing a robust relational database system to accurately retrieve comprehensive data about the alumni.
